INNOVATION

Solutions that suited
to all interiors

A modern building with a facade of large, light-colored panels. The building is illuminated from within, and the interior lights are visible through the windows. The building is surrounded by a paved area with outdoor furniture, including a table and chairs, and a planter box with a small tree. The sky is a deep blue, suggesting dusk or dawn. The overall scene is a high-quality, modern architectural setting.

Their opinion!

«We bought a house built in the 70's and it needed a lot of work. The ceilings and walls were peeling and cracked... We chose CLIPSO® coverings for this renovation. The finish is flawless and with the speed of installation, we cut 2 weeks off the work schedule. Not to mention the savings compared to traditional solutions!»

Lizon and Etienne BEDON, GRENOBLE

With bright, printed or colored walls and ceilings, you have every choice available.
