CLIPSO® EXPERIENCE

Cinema

In a cinema, good acoustics are essential, which require the skill and expertise that CLIPSO® can provide. Both your technical and aesthetic requirements will be met to ensure your viewers enjoy flawless sound in a pleasant environment.

You can also opt for light fittings to ensure comfort and harmony in all your rooms.

Ravinia Concert Hall - USA - Thunder grey acoustic covering with black profiles - Installer: The Huff Company
Architect: BJC architects

Recording Studio - UNITED KINGDOM - White ceiling and pearl grey acoustic walls - Installation: ACOUSTIC GRG

CLIPSO® EXPERIENCE

Performance hall

Sound and light are the two main challenges for your performance hall. With CLIPSO®, you can combine acoustic performance and optimal brightness in one single covering.

Perfect sound and colour LEDs that open you up to all possibilities of modulation and variation, offering you almost endless customisation solutions and helping you to win over artists and spectators alike.

Library

Your ambition is to bring the calm and comfort necessary for concentration to a pleasant environment. For your library, the light-integrated acoustic boxes offered by CLIPSO® are the immediate solutions to your problems.

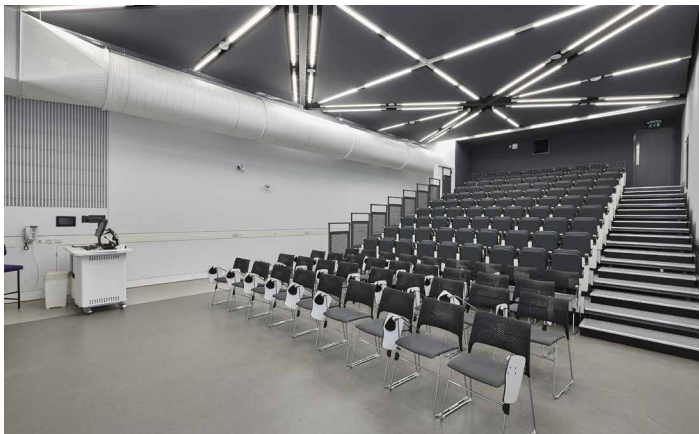

They will give your visitors the feeling of serenity you were looking for, both in terms of noise and decoration.

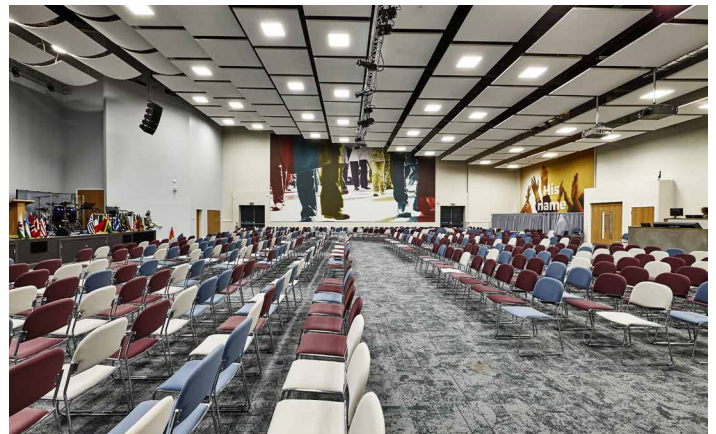

Home cinema

A home cinema room is more than just a flat screen and speakers. A home cinema room is a room entirely dedicated to your media, completely personalised with our acoustic solutions !

Comfort, immersion, perfect acoustics, and even the installation of a traditional cinema panoramic scene are available to provide you with an exceptional experience.
