They talk about!

"My wife thought it would be a good idea to have her own creation printed to brighten up one of the sad-looking walls in our living room. Among the numerous methods (sticker, wallpaper, giant poster, PVC film, etc.) the CLIPSO wall covering solution was perfect: resistant material, agreeable to touch, high-quality printing, eco-friendly covering, one-piece cover. My wife is delighted because the result is superb, takes your breath away."

"My project was to turn my old attic into a modern office. Having no decoration or DIY experience at all, I called an interior decorator, also CLIPSO certified installer, in my town. My CLIPSO stretch ceiling fits in marvellously with the contemporary spirit of my new workspace. It also made it possible to hide all the unsightly cables, lighting and ventilation systems."
Mrs Ane Jensen, Copenhagen

They talk about!

"The house we had just bought needed renovation work. All the walls and ceilings were in very bad condition: flaking paint, cracks, stains, holes, etc. Having looked at the other solutions proposed on the market, we opted for the CLIPSO solution. We are delighted with the excellent finish of our CLIPSO stretch walls and ceilings. What's more, very fast installation allowed us to move in quickly."
